

Access Information Statement (July 2017)

Hillcroft Park, Pooley Bridge.

This site is on a natural fell side within the Lake District National Park. It is a large site with some steeply sloping contours. Some of the pitches are located on partially level land. The roads are joint vehicular and pedestrian use, approximately 3m wide, with some steeply sloped sections. There are speed bumps across the park. Lighting is by way of bulkhead lighting to the buildings along with roadside lights to a height of 1.5m

Contact Information

For those wishing to contact Hillcroft Park by phone, please call 017684 86363. There is an answering machine for calls outside of Office Hours, or if all the lines are busy. Additional information can be gained from the web-site, www.hillcroftpark.co.uk

Arrival and Parking facilities

There is a mainline railway station at Penrith and the local Stagecoach bus service 508 Penrith-Kendal stops in Pooley Bridge. Hillcroft Park is a 5-10 minute walk away.

This site is on a steep hillside location with some wooded areas, with various level sections. Entry to the site is by a tarmac drive on a hillside, leading to an open area in front of reception. From here there is an ornate wrought iron gate, operated by a numeric coded pad at a height of 0.90m, accessible to most drivers. The exit barrier is automatic. Visitor parking is to the right hand side of the open area, providing four marked parking bays, none specifically identified for disabled people. Disabled parking is permitted directly outside of the reception, although not marked. Late arrivals/overnight parking is shared with visitor parking. It is also possible to park immediately in front of the Reception, for those arriving and checking in, giving again a short travel distance for those with limited mobility. The visitor parking area is approximately 5m from reception. Lighting is from lights on the corner of the reception building. Every lodge/holiday home has its own adjacent designated parking space for one car.

The Reception

The Reception located at the entrance to the Park and is accessed by a ramp. The ramp is approximately 3m in length and 1.065m wide, with a gradient approximately 1:13. There are toughened glass panels on the outer side of the ramp.

The inward-opening door to reception has a 0.87m clear opening width, with toughened safety glass full length panel and a clearly identified handle at 1m high.

Internally, there is ample space for wheelchair users and seating. The counter is 1.12m high with access to a lower section of the counter to the side. There is no hearing enhancement system. The floor is a solid wood laminate and there is reasonable visual contrast. Lighting is provided by flush fitting ceiling lights.

The Shop

The shop is also located at the entrance of the Park. It is accessed by a small ramp (1m) and has an inward-opening door with a small step (50mm) to get over. The door has a clear opening width of 0.75m, with toughened safety glass full length panel and clearly identified handle at 1m high. There is plenty of internal space, as all the shelving is on the exterior walls. There is a counter in the shop at a height of 0.92.

The Holiday Homes and Lodges

The Holiday Homes and Lodges that are on the Park are mostly privately owned with 15 owned directly by the Park and 10 privately owned used to hire out. Due to the gradient of the park, none of the current Hire Units have suitable access for wheelchair users, or due to the internal layouts, would provide suitable accommodation. This is an issue that the Owners are aware of and are working towards a solution. The layout of the Park provides a tiered effect, with each row of Holiday Homes at a higher level than the row directly in front.

Hot Tubs

Hot tubs are available to hire with the following accommodation;

Meadowbank Cottage

Meadowcroft Cottage

Both of the Clearwater Lodges

The Retreat Lodge

The Jasmine Lodge
